Bridgestone Provides Grant to Enhance Science Education through Science Teachers Workshop 2013

Phatumthani (31st May 2013), – Thai Bridgestone Co., Ltd. led by Mr. Vichit Lertwongpaisarn, Human Resources Director presented its contribution of 1,350,000 Baht to 9 schools from Thai Bridgestone Science Centers under the “2013 Enhancing the Science Education Project” and conduct a science teacher workshop during 30th - 31st May 2013. The workshop was conducted with the aim of enhancing Basic Science Education including Science Learning Processes and Science Activities in secondary schools. 27 Science teachers who participated in the workshop discussed and decided together the most appropriate Science curriculums including suitable laboratory curriculums for student’s experiments in secondary schools (Grade 7 - 9). The selected curriculums will be used as core learning materials which will be disseminated to primary extension schools across the country.

Thai Bridgestone has been supporting the science teaching process since 2006 through its contribution towards 16 Science Centers in Northeastern of Thailand. The company commits itself to providing Thai youths with education opportunities with the belief that they will become the major force for the country’s development in future.
